KNEE TO ANKLE A MASS OF HUMOR

Suffering Simply Indescribable — Had to Scratch Till Blood Ran — Health Undermined from Lack of Sleep - Gave Up Hope but

CUTICURA FREED HIM FROM SKIN-TORMENT

"About seven years ago a small abrasion appeared on my right leg just above my ankle. It irritated me so that I began to spread until my leg from my ankle to the knee was one solid scale like a scab. The irritation was always worse at night and would not allow me to sleep, or my wife either, and it was almost out of my mind with pain and chagrin as no matter where the irritation came, at work, on the street or in the presence of company, I would have to scratch it until I had the blood running down into my shoe. I simply cannot describe my suffering during those seven years. The pain, mortification, loss of sleep, both to myself and wife is simply indescribable on paper and one has to experience it to know what it is.

"I tried all kinds of doctors and remedies but I might as well have thrown my money down a sewer. They would dry it up for a little while and fill me with hope only to break out again just as bad if not worse. I had given up hope of ever being cured when I was induced by my wife to give the Cuticura Remedies a trial. After taking the Cuticura Remedies for a little while I began to see a change and after taking a dozen bottles of Cuticura Resolvent, in conjunction with the Cuticura Resolvent, a lapse of six months with no signs of a recurrence I feel perfectly safe in extending to you my heartfelt thanks for the good the Cuticura Remedies have done for me. I shall always recommend them to my friends. W. H White, 312 E. Cabot St., Philadelphia, Pa., Feb. 4 and Apr. 13, 1909."

FREEDOM OF PRESS GLAVIS CHARGES UPHELD BY COURT PUT UNDER PROBE

That an independent issue is involved in the decision of Judge Hough in the Panama libel case, that of its effect on the enforcement of State penal laws in localities under Federal jurisdiction, is recognized at the Department of Justice. Attorney-General Wickersham was not prepared to-day to say whicher or not an appeal from the decision to the Supreme Court will be taken. There is another indictment pending in the District of Columbia, growing out of the same publications as those on which the indictment quashed by Judge Hough was drawn, but Judge Anderson, of the United States Court at Indianapolis, refused to order the removal of the defendant's resident there from that State to this city.

"Unless," said Mr. Wickersham, some of the defendants appeared voluntarily in the District, it would not seem to be possible to submit to the decision of a court and tury, the question of whether or not the publications under consideration were libelous, unless Judge Hough's decision were appealed from and reversed by the Supreme Court."

"WHITE SLAVE" BILL PASSES

Measure Effectually Prevents Traffic in Women for Immoral Purposes.

Washington, D. C., January 25.—The Mann "white slave" bill was passed by the House to-day by a viva voce vote. Insisting that such a provision was an infringement upon the rights of the States, they cited decisions to prove that it was in clear violation of the Constitution.

The bill imposes a fine of not more than \$5,000, and imprisonment for not more than five years upon any person who knowingly aids in the transportation of any person, by the purchase of a ticket to be used in interstate or foreign commerce, in going to any place for the purpose of the measure are for the purpose of effectually preventing traffic in alien women for immoral purposes.

But This is All Accidental; no one wants or intends to have bad breath; it's a mortification to one's self and an annoyance to one's felends.

Bad and Offensive Breath comes of wrong conditions of the stomach, the different functions working at variance; pulling different ways instead of together.

But This is Not a Treatise on the Stomach; just a mere mentioning of a few resulting conditions of a bad stomach, such as Flatulence, Inflammation, Indigestion, Sourness, etc., all of which tend to produce a bad breath. Stuart's Charconi Lozenges are in evidence here—not as a palliative, a makeshift, but as a Remedy—a POSI-TIVE CURE. They absorb and correct the acids of the stomach, and instead of Fomentation taking place, destroying and wasting nutritious products, there is the gentle, natural action of digestion going on, reducing food to its proper aliment.
